## FOUNDER & MANAGING PARTNER'S MESSAGE

As Founder and Managing Partner of AMRPLC, I firmly believe in a strong hands-on approach and close participation in the services to our clients by proactively being the clients' trustable partner and to strive to meet client's expectations and requirements within the ambit of the law.

We, as a firm, are highly qualified and competent to provide tailor-made, dedicated, and extremely competent legal services through our elite team of lawyers, consultants, and skilled professional advisors and administrators.

As One Team, your success, whether commercial or personal, is also our very own success.

I am also keenly aware that the wealth of perspectives that we as a firm bring to your business or particular concerns largely counts when appropriately applied in a desired commercial context and/or specific settings.

Also, as practicing advocate over the past 20-plus years I have been passionate about leading the firm in a dynamic, evolving, and challenging environment. A key focus of my leadership is to continue to strive and improve client experience by taking the firm's culture, stakeholders, and clients to the next elevated levels of profound successes professional experiences.

In addition to my role of Managing Partner I have extensive experience of commercial property issues and transactions which has enable us to guide clients through all aspects of real estate matters including private equity investment, property finance, and structured finance.

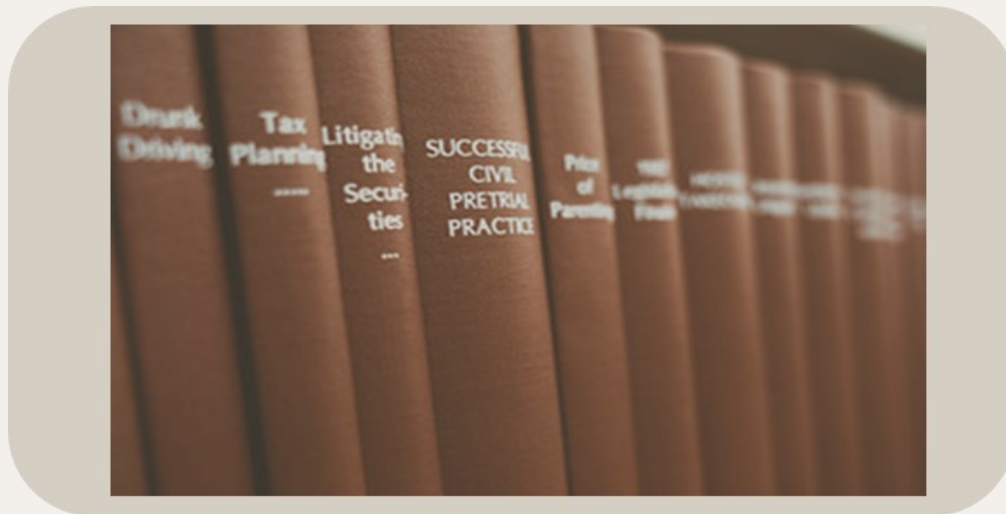

By virtue of these professional experiences, I have occupied multiple official and non-official professional positions within and out of the legal fields, specialize in providing advice on high-value contentious issues facing domestic and international banks, investment funds, private equity houses and other financial institutions, have handled issues related to enforcement of security and structured finance as well as serve legal advice to several governmental and non-governmental organizations in UAE and outside.

Our firm applies a hands-on approach as it continues to steer towards new horizons of excellence and knowledge acquisition. In this era of exponential technology and knowledge-based growth, it is critical that we continue to keep track and focus on rapidly evolving events in the legal and commercial fields in order to offer outstanding services where our clients can safely rely on our legal expertise and professional loyalty.

Our Firm has a long and broad experience in the drafting and formulation of laws and regulations besides conducting and providing complex legal researches and the services related to Private Notary matters.

Personally, and on behalf of our professional and administrative staff, I would like to take this great opportunity to sincerely express our esteemed appreciation, acknowledgment, and gratitude to our clients and friends for their sustained confidence and support.

## ABOUT AMRPLC

AMRPLC is one of the UAE's pre-eminent Law Firm with significant depth and a wide range of resources both in litigation and in transactional matters.

We started our journey in the year 2000. Our Founder and Managing Partner is a distinguished graduate in law from the Faculty of Law & Shariah, UAE University, Al Ain, UAE. He has extensive experience in various corporate and commercial affairs which includes assisting the businesses, owners and stakeholders in, among other legal matters, Incorporating publicly listed and private companies in the mainland and free zones of the UAE, Mergers & Acquisitions, Advising and Drafting of various corporate transactional agreements, and plethora of bilateral and multilateral transactional matters.

The firm continually strives to achieve top level accolades of professionalism, by maintaining the highest standards of quality and excellence to meet our clients' needs to ensure a timely, transparent, and successful litigation results and processes in order to gain their confidence. As the practice and function of the Law continues to be a noble profession, the judiciary function of achieving justice and affirming the rule of law and ensuring the rights and freedoms of citizens, it places great demands on and the integrity on practicing lawyers, including the Oath bestowed by them from the very moment we are endowed with the duty to uphold the trust and truth before the Almighty at the start of our legal journey as is at the establishment of our law firm, AMRPLC. In that vein our law firm is united in the efforts of our lawyers and experts, to sharpen their energies, and collect and share their expertise to uphold the word of truth, preserve the rights, and to raise the banner of justice and eliminate falsehood, combat corruption in all its forms and manifestations, protect freedom and achieve prompt justice and seek sustainable recovery of stolen rights.

AMRPLC offers its clients the services of a team of highly capable lawyers who are educated and qualified to practice in different countries and jurisdiction and are led by the members who are familiar with both national and international laws, the Sharia, corporate and personal laws and to collaborate to achieve success and satisfaction for our clients.

## THE FIRM

AMPRLC stands for Abdula Mohammed Rasul & Partners Lawyers and Legal consultancy Law Firm, established by the Lawyer Abdula AlHarmoudi who was duly licensed to perform legal services and advocacy in the UAE since 2000 and has founded AMPRLC in same year. We serve and represent both local and expatriate companies and individual client. The Firm specialises in corporate & commercial, banking, labor, litigation & arbitration, real estates and related area.

AMRPLC offers its clients the services of a team of high calibre lawyers who are educated and qualified to practice in different countries and jurisdiction and are led by the members who are natives of the region who collaborate to success our clients.

The team consists of members experienced in many different cultures and contains individuals fluent in several different languages including Arabic, English, French, Italian, Indian, Urdu.... These cross-cultural skills, integrated with the Firm's professional abilities, allow AMRPLC to provide highly effective legal services and advice to its clients.

Our Firm's practice and reputation grows due to its straightforward and transparent approach to business. AMRPLC strives to offer each client, in a timely fashion, the most practical and effective legal advice possible with relevant commercial orientation, to achieve the results sought by each client on whose behalf the Firm may act and uncompromisingly to observe the highest standards of integrity.

### Values

One of the Firm's greatest strengths is its commitment to three essential values that are fundamental to achieving and providing the highest standards of legal services. These values set the atmosphere and tone in our relations with clients, courts, and other institutions. They are key, we believe, to the reputation the Firm enjoys among clients and within the legal community. We fight only the battles that are worth winning. We strive to resolve the most complex issues by weighing up all the possible solution which benefit our clients most.

### The Interests of Our Clients Come First

AMRPLC team is client focused. We understand that our job is to identify, understand, and manage the legal risks facing our clients, to protect their interests, and to enhance their competitiveness. Our lawyers are dedicated in achieving our clients' objectives.

### Our Integrity Is Uncompromising

All Law Firms' emphasis their *principals*, and for a client, that is important. We think our *principles* are just as important. Every member of the **AMRPLC** team is committed at all times to maintaining the highest standards of integrity and honesty. Client information is kept in the strictest confidence. Likewise, we carefully avoid any conflicts of interest. When a client engages **AMRPLC**, the client can be truly assured that the Firm will work only in the client's best interest.

### Our Objectives

Our objective is to provide a high-quality service that ensures the satisfaction of our clients. Lawyers at **AMRPLC** expend the time and energy required fully to understand the needs of each client, to identify the relevant issues, and to keep the client informed about the matters entrusted to the Firm. Good legal service, however, goes beyond reaction and demands a proactive strategy. As lawyers, we continue to be fully informed of legal, political, and business developments throughout the UAE and the region.

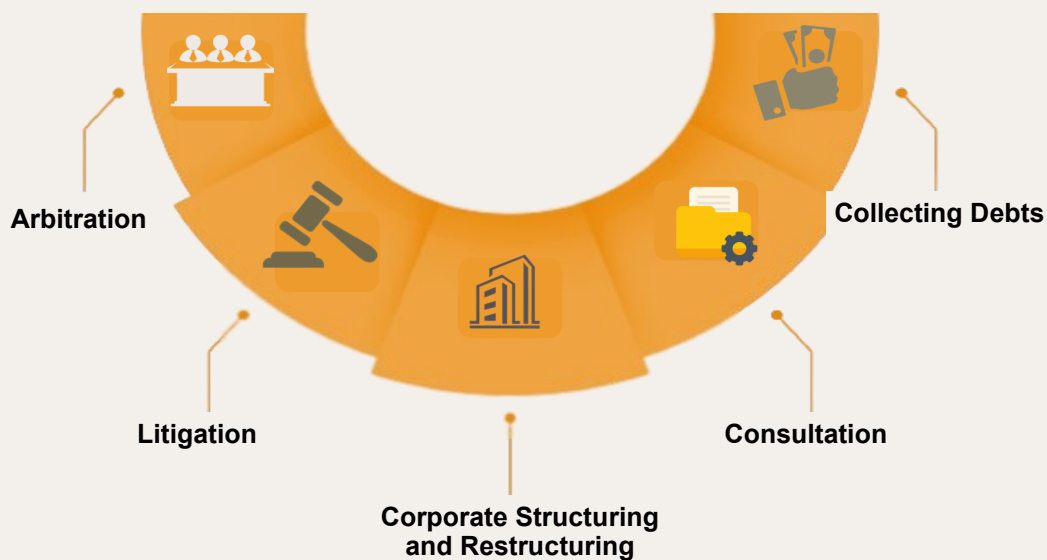

### Quality of Legal Services

**AMRPLC** prides itself on providing quality legal services to its clients. We achieve this through a combination of talent, experience, commitment, and hard work. To deliver consistently a high standard of service, lawyers must understand business itself. To do this, our lawyers stay updated and keep in close touch with corporate, commercial, and industry trends. Some served for many years as executives of substantial businesses. The advantage to a client is two-fold:

**Firstly**, we understand the challenges, constraints and potential problems faced by business. A businessman's legal objectives and interests are best addressed by a lawyer who can understand them from both business and legal perspectives. This level of awareness augments the Firm's ability to develop creative solutions to problems, thus saving the client time and money, ensuring protection of the client's interests and strengthening client's commercial advantage.

**Secondly**, we understand the need for us, in common with our clients, to provide a top-quality product at a reasonable cost. Appreciating this basic rule, **AMRPLC** employs the same strategies for efficiency as do well-run businesses. **The Firm applies best practices in management of its internal affairs and the assignment of clients.** We are constantly upgrading our technological resources in order to improve our ability to respond to client needs. Our satisfied and longstanding clients are testimony to our success in that endeavour.

## MAIN AREAS OF PRACTICE

**AMRPLC** is a full-service corporate and commercial law firm, providing counsel and legal expertise on all business-related issues, domestic and international. The Firm provides advice and consultancy services to foreign companies doing business or seeking to do business in the UAE, GCC as well as to local companies conducting business domestically. Our lawyers have extensive experience in representing and advising clients in transactions and litigation in a wide range of corporate and commercial affairs. The Firm ensures the proper structure and content of contracts and agreements, negotiates and concludes those agreements, and advises on their subsequent implementation.

### Corporate and Commercial

The Firm is noted for its corporate law practice and its expertise in advising clients on the formation of local companies, the establishment of branch and representative offices of foreign companies, commercial agencies, sponsorship and related arrangements. **AMRPLC** is also competent and well equipped enough to structure or restructure Foreign Direct Investments according to the Federal Law by Decree No. 19 of 2018 Regarding Foreign Direct Investment. The Firm advises and assists clients in the areas of company mergers, acquisitions, and restructuring. **AMRPLC** has been at the forefront in advising investment bankers, owners and founders in relation to the establishment of private and public companies. The Firm, through its leading role in the sector, has been instrumental in establishing the legal framework governing private placements and IPO prospectus preparation in the UAE, and counsels' clients on all legal aspects related to public offerings and dispute resolution with respect affords whether through amicable settlement, mediation, negotiation, and arbitration or litigation.

### Commercial Agency

**AMRPLC** has considerable experience in advising on and drafting contracts for local over a diverse range of areas including asset sales and purchases, distribution and commercial agency arrangements, partnership agreements, Memorandum of Associations, Memorandum of Understandings, procurement, construction, insurance, franchising and taxation. We are highly esteemed and proud on our advancements and ability to carry business and commercial law insight to all commercial matters for all sorts of internal or external business transactions or investments. The Firm also advises on the practical application of laws and regulations and their impact on the conduct of business in the UAE.

### Intellectual Property Rights

As issues surrounding intellectual property have become more prominent and complex internationally, the demand for legal expertise in this area has increased. Additionally, the UAE has embarked on revising its relevant intellectual property legislation to meet its commitments under GATT (General Agreement on Tariffs and Trade). AMRPLC has been, and continues to be, responsible for the registration of a large number of prominent trademarks in the UAE. The Firm also has considerable expertise in the area of copyright law and is a registered patent agent with the UAE Patent Office.

We advise clients on their intellectual property rights and assist them to commercialise it to maximum advantage from the very beginning, as well as helping them to avoid infringement of rights that belong to others and managing any claims (brought by clients or third parties) that may arise.

Intellectual property is a specialist area and our team is made up of dedicated individuals for advisory, transactional and dispute resolution work, both in the UAE and internationally. We can proudly say that your research for best intellectual property lawyers in UAE ends here and you may approach our law firm without any delay.

Our areas of specialism include: Confidential Information Copyright, Databases, Designs, Patents and Trade Marks Islamic Shari'ah, or more properly Al-Shari'ah, literally means the clear pathway to be followed and has come to mean the path upon which the believer has to tread. In original usage Shari'ah meant the road to the watering place or path leading to the water, the way to the source of life.

In the modern context, these principles, founded on the words of Allah [The God] as revealed in the Qur'an, and traditions gathered from the life of the Prophet Muhammad [PBUH], inform many aspects of commerce, business and life itself. **AMRPLC** has an in-depth knowledge of every aspect of Islamic Shari'ah, directly from its original sources. We bank upon this knowledge to advise our clients on all matters relating to Islamic Shari'ah including:

- Shari'ah-Compliant Wills
- Property Purchases
- Mortgages and Financing
- Marriage and Family

- Divorce
- Custody and Guardianship
- Matters relating to Inheritance
- Estate Planning

### *International Trade & Investments*

AMRPLC has a lot of experience dealing with International Trade Negotiations. Our team routinely acts as an advisor to numerous MNC's, business and trade related associations, both in the private sector as well as in the government/semi-government sector. We work with, and advise our clients in the areas of:

- |   |  |
|---|--|
| <ul style="list-style-type: none"><li>• Anti-dumping laws</li><li>• Queries related to WTO, and GATT</li><li>• Export control regulations</li><li>• International sale of goods contracts carried by sea</li><li>• Export control regulations</li></ul> | <ul style="list-style-type: none"><li>• Sale and purchase of merchandise</li><li>• International franchising contracts</li><li>• Foreign investment regulations</li><li>• Inward and outward investments</li><li>• Import compliance programs</li><li>• Foreign investment regulations</li></ul> |
|---|--|

### *Information Technology, Communications & E-Commerce*

By launching Dubai Technology, Electronic and Media Free Zone and other IT initiatives, the UAE is rapidly becoming the location of choice for many businesses focused on information technology. **AMRPLC** has broad experience in supporting the requirements of IT businesses, from corporate structuring and ESOPs to development service contracts, software licences and revenue sharing activities.

We also act for investors in, and users of, telecommunications and broadcasting services, including financial institutions, governments, and other public institutions. We have extensive experience advising governments on regulatory and policy reform. Our expertise include broadcasting, entertainment & media, Internet, spectrum and wireless services, telecommunications, copyrights, foreign ownership restrictions, representation before tribunals & courts and communications infrastructure.

### Civil Projects

Unparalleled Legal Advice can be provided by **AMRPLC** on construction contracts, projects and plants installation, drafting and/ or reviewing commercial agency contracts related to civil projects.... etc.

### UAE Offset Operations

In 2001, the UAE launched the UAE Offsets Program to facilitate investment and consequent economic development arising from defence procurement contracts with the UAE Armed Forces. **AMRPLC** has substantial experience in advising its clients on all aspects of the Offsets Program, including compliance with its required financial, technical, and commercial criteria.

#### **NB:**

The UAE Offsets Group has recently broadened the scope of its activities and now plays an essential role as an investment adviser to, and deal maker on behalf of, the Government of Abu Dhabi.

The UAE's offset program, known as the "Tawazun Economic Program (TEP)", is specifically focused on achieving the following states objectives:

- ◆ Enabling the growth and development of the defence and security industry in the UAE.
- ◆ supporting the establishment of projects that provide sustainable economic benefit to the economy of the UAE.
- ◆ Targeting new capability development, technology transfer, and accelerated adoption of new technologies in both the defence and security sector and in the broader industrial sector.
- ◆ Supporting innovation and R&D in the UAE.
- ◆ Encouraging the participation of SMEs as suppliers of local partners on major procurement contracts.
- ◆ Increasing competitiveness, productivity, and export market access for UAE -based suppliers.
- ◆ Generating knowledge-based employment opportunities and capability development for UAE nationals.

### Real Estate

When you work with the **AMRPLC** Real Estate team you work with a group of Experts who believe in cutting through the red tape and making things happen. We know that property law is already complicated which is why we're committed to a jargon-free, practical approach.

We offer a range of services from acquisition and disposals to advising on property finance, landlord and tenant issues and planning. And we have the expertise and experience in handling real estate disputes outside UAE with our associating firms.

### Our key areas of expertise include:

Acquisitions and Disposals, Compulsory Purchase, Construction and Engineering, Development and Re-generation, Environmental, Investment Property Management ,Landlord and Tenant, Occupier Services, Planning, Property Finance, Property Insolvency, Property Litigation and Residential Property Investment.

### Construction & Engineering

Construction and engineering law have seen rapid development in past years. Whether you are a client, contractor, funder or consultant, having good advice from specialist construction and engineering lawyers has never been more important in terms of risk management and dispute avoidance and resolution.

In an industry which can be complex and liable to give rise to disputes, our large team of specialist construction and engineering lawyers can help you reduce your risk, and offer strategic, long-term advice - from the earliest stages of procurement strategy and planning, through to resolution of major and complex disputes which can be resolved by either arbitration or litigation as per the dispute resolution **clause**.

### Banking & Finance

Working in the financial sector is always challenging – whatever the climate. Increased regulations and a rapidly changing landscape all add to the complexities of the industry. Transactions often need to be handled with speed. So, you need to work with banking specialists, who can react quickly, are calm in their approach, and are focussed on your needs.

We aim to achieve creative, practical financing solutions and to get the deal done and to play our part in placing the customer's financing on a firm footing and provide the foundations for future success and a strong working relationship between borrower and funders.

Sectors where we have particular expertise include an asset finance, Islamic finance, project finance, property finance and finance for social housing, financial regulations, restructuring, insolvency, etc...

Labour, Employment & Immigration, our business is only as good as your people. Working with people brings opportunities, but also risks. A business has to manage those risks and find solutions to minimise potential liabilities. Delivering solutions is a huge challenge in an environment where employment law is constantly changing to help you meet this challenge you need to work with a team of employment lawyers you can trust. A team who understands your business. A team who can work with you to deliver solutions that are right for your business, rather than providing a "one size fits all" approach.

Our expertise includes Risk management: including file audits and working with clients to prevent problems arising, Employment documentation, Dismissals and Grievance, Corporate governance and regulatory issues, Project work, Business transfers, Dispute resolution, EOSB and Gratuity Claims, Business protection and General advisory work.

### Wills, trust, estate planning, probate, family

**AMRPLC** team routinely advises clients in the planning of estates and the use of trusts, where applicable. We counsel high net-worth individuals on tax planning, asset preservation, provision for minors and disabled dependents. A lot of this consultation involves working closely with Financial Advisers and other professionals that the client might have retained. Our team also assists clients in matters of probate and administration of wills, including making submissions and representations to the Estate Duty Department. Our firm has always advocated every responsible individual drawing up their own will. We have taken it upon ourselves to educate lay people on the importance of estate planning.

### *Litigation & Dispute Resolution*

With globalization driving opportunities and challenges both in developed and emerging markets, mitigation risk is a cornerstone of any effective strategy. In order to thrive in these environments, having a range of solutions and options at your fingertips is critical. Wherever you operate around the world, whatever the challenge you are facing within your sector or environment, you will need innovative thinkers to assist you on the most complex and challenging disputes.

No-one likes disputes nevertheless Litigation is the most common and actively used method for resolving disputes in the United Arab Emirates. At best they are a worrying distraction. At worst they can destroy businesses, relationships and reputations. So, when a commercial dispute seems unavoidable it is worth seeking expert advice before positions become established and relationships completely break-down. Engaging with an unrivalled team of experts, covering every spectrum possible, is the only way to meet these challenges and to continue to grow and succeed. Our Firm has qualified expertise to represent its clients before the Court and legal forums in UAE.

### *Corporate Recovery & Insolvency*

Dealing with restructuring and insolvency issues is often complex, challenging and sensitive. Access to an experienced and specialist legal team, which is responsive, commercially minded and quick thinking can make a real difference to the outcome of your situation.

We can advise on all insolvency and restructuring related issues including corporate insolvency, workouts rescues and restructurings, Merger & Acquisition, asset and debt recovery, voidable transactions, factoring and invoice discounting, property insolvency, fraud, boardroom disputes and personal insolvency.

Furthermore, our firm provides an additional array of corporate services:

- ◆ UAE offshore Agent Services for the registration of licenses in RAK and JAFZA,
- ◆ Free-Zone License Registration in Abu Dhabi Airport Free Zone,
- ◆ Masdar City, KIZAD, TwoFour54, JAFZA and all Dubai Free Zone Areas,
- ◆ RAK; Real Estate (development, licensing & regulatory),

### International Arbitration

If you choose international arbitration as a method for dispute resolution, you can avoid the jurisdiction of foreign Courts, and you will have a say in how your dispute is settled. Best of all, arbitration awards are overall much easier to enforce than foreign court judgments. AMRPLC is composed of qualified Arbitration Lawyers having a strong agenda to assist clients with arbitration procedure both within and outside of UAE.

The International Arbitration team at **AMRPLC** has an excellent track record. We have specialist arbitration lawyers, who have experience in a variety of sectors including, IT, telecoms, property, construction, oil and gas, soft commodities, shipping, and insurance and reinsurance, etc.

If a dispute arises and your contract is subject to arbitration, we will advise you on the strengths and weaknesses of your position and devise strategy with you. We will then implement that strategy as your counsel before the arbitral tribunal. We mainly handle arbitration matters related to ad hoc arbitration, institutional arbitrations related to DIAC (Dubai International Arbitration Centre), ADCCAC (Abu Dhabi Commercial Conciliation and Arbitration Centre), LCIA (London Court of International Arbitration). AMRPLC always strive to offer the best value for legal representation in arbitration matters worldwide, whilst resolving each dispute keeping in mind the very interest of the client.

### Energy & Infrastructure

Our advice and consultancy in this field covers several sectors including oil, gas & petrochemicals; power, water & utilities; and ports, airports & civil infrastructure. We advise on consortium arrangements, project structuring, concession and implementation agreements, financing documents, negotiations, and EPC and O&M contracts.

### *Insurance & Reinsurance*

Insurance and reinsurance are highly complex areas in which there is no substitute for market knowledge, technical excellence, and sector expertise. Our team is recognised as a leader in the field, bringing a long track record of great results, innovative attitudes, highly effective advice, and a level of service few law firms can match. We advise insurers, reinsurers, brokers, financial institutions, and insured corporates on all manner of insurance issues including insurance coverage issues and disputes, the investigation and defence of liability, property, speciality and marine insurance and reinsurance claims.

### *Investment Funds & Private Equity*

In recent times we have seen huge growth in the investment funds sector. However, this sector is now facing challenging times. That said, challenges can bring opportunities and to make the most of the current situation it is essential that you work with the right legal team. Now, more than ever, you need legal advisers who have a deep understanding of the offshore funds market and have extensive commercial experience.

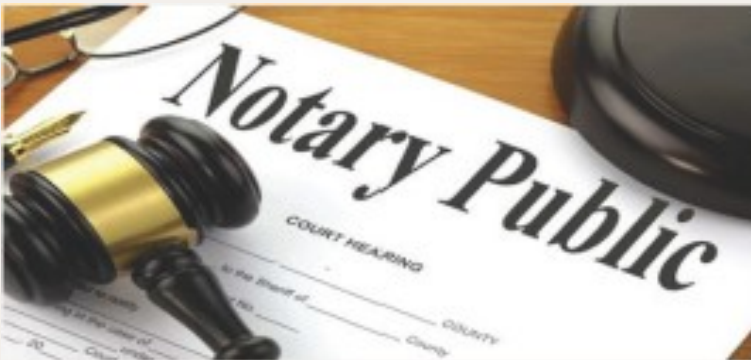

### *Insurance & Reinsurance*

Insurance and reinsurance are highly complex areas in which there is no substitute for market knowledge, technical excellence, and sector expertise. Our team is recognised as a leader in the field, bringing a long track record of great results, innovative attitudes, highly effective advice, and a level of service few law firms can match. We advise insurers, reinsurers, brokers, financial institutions, and insured corporates on all manner of insurance issues including insurance coverage issues and disputes, the investigation and defence of liability, property, speciality and marine insurance and reinsurance claims.

### *Annual Retainer Agreements for Legal Consultation*

Our clients, whether individuals or corporate can opt to retain our legal services on annual agreement bases. This retainer entitles the client to request any kind of legal services round the clock.

### **PRIVATE NOTARY SERVICE**

Private Notary Public Services, Submission of Public Notary Requests & Documentation including drafting all type of Power of Attorney.

**NB:**

**OUR PRACTICE IS BROAD BASED AND WITHOUT LIMITS WHEN COME TO PROTECTING YOUR RIGHTS.**

## RELATIONSHIP

To better serve its clients – AMRPLC recognises **that a client's needs may at times transcend purely legal considerations and that the client would be best served by an integrated consultant package of legal, financial, and other professional advice.** For this reason, **AMRPLC** has carefully developed long-standing and extremely successful working relationships with a number of prestigious and specialised international consulting concerns. As needed, we can call upon legal, financial, quantity surveying, engineering, management, and other technical expertise. The Firm, and more importantly its clients, have benefited greatly from these associations and will continue to do so in the future

## OUR PRINCIPALS

The Firm seeks to offer the highest standard of legal service to its clients. Our staff are selected and trained to value quality, professionalism and confidentiality.
